Rigid Ordinance Passed at Special Meeting of Council.

### DOCTOR BIRD WAS PRESENT

First Assistant of State Board of Health Urged the Passage of An Ordinance Which Would Check Further Possibility of Rabies.

The people of this city are wrought up over the existence of several cases of hydrophobia within the past three weeks, and have determined so far as possible to put an immediate check on further possible danger.

Within the past month there has developed five cases of hydrophobia. Seven people have been affected, all of whom have been compelled to take the Pasteur treatment. The last to leave were Mrs. Jerry Runkle and daughter, Miss Clara Runkle and Mrs. J. A. Naftzger, and Mrs. Naftzger's little girl, all of the same household, who left for the Pasteur Institute in Atlanta Tuesday afternoon. They were bitten by a pet bull pup belonging to the family, which contracted rabies from the effects of a bite from the dog killed by W. N. Wilson about three weeks ago, after an exciting chase, in which it is said the animal attacked and bit many dogs.

On Monday afternoon a pointer belonging to A. M. Cushman, one of the victims of the dog above mentioned, went mad at the place in the country where the animal was being detained, and it became necessary to kill him.

About three weeks ago the city council passed an ordinance requiring all dogs running at large within the city limits to be muzzled. This ordinance was partially complied with, but so indifferent were some owners, and so careless were they in the class of muzzle used, this prompted the council to call a special meeting Tuesday, when an ordinance which will put an end to the running at large without substantial muzzles was adopted.

Having made examination of the heads of two or three of the dogs, victims of the rabies, which were shipped from this point, Dr. Hiram Bird, first assistant to the State Board of Health, appeared before this special meeting of the council Tuesday morning, at which time he made a very earnest talk, impressing upon that body the importance of adopting some rigid precautions to prevent the spread of hydrophobia in this section. He dwelt especially upon the importance of quick action, owing to the exposure of so many dogs in Gainesville before it was ascertained that hydrophobia really existed.

Acting upon Dr. Bird's suggestion, an ordinance was passed and rushed through providing that no dog be al-

lowed to run at large upon the streets of Gainesville without a substantial wire or metal muzzle, and the city officials are instructed to shoot without further ceremony any dog upon the streets in violation of this ordinance.

This will do away with the impounding of dogs in future, as the fate of the animal when found without a muzzle is left with the officer.

### DOG HAD THE RABIES.

State Board of Health Made Report of Condition of Animal's Head.

Dr. J. Harrison Hodges, agent of the State Board of Health, has received telegraphic information from the board bearing the information that after a close examination of the head of the bull pup belonging to Jerry Runkle of this city, which died in a fit after biting two persons on Friday of last week, it was ascertained that the animal was certainly affected by rabies, which was the direct cause of the death.

Mention of the animal's death occurred in The Sun. The head was sent by express Saturday morning to the State Board of Health, which resulted in the finding as above stated.

Owners of dogs cannot be too careful now, and all animals should be muzzled with a stout and serviceable muzzle, instead of the "bluff" which is seen frequently around the noses of some dogs. This should be done for the mutual protection of all.

This bull pup was bitten about three weeks ago by the mad dog killed by W. N. Wilson on West Masonic street, after a lively and exciting chase. The thanks of the public are due Mr. Wilson and those who assisted him in the extermination of that dog before further damage resulted.

### Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine arguments out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by all druggists.

### Meeting School Board.

A special meeting of the School Board was held Monday, a full board being present.

The purpose of the meeting was to straighten up the affairs of the board for the fiscal year ending June 30, and after which the meeting adjourned.

### LYNCH ANSWERS O'NEILL.

Does Not Appreciate the Assertions of Red-Headed Captain.

Editor Sun: My attention has been called to a few slurring insinuations made against my ball team, the "Fats," and myself, as captain, by one E. A. O'Neill, captain of the "Leans," both teams to cross bats for the championship Thursday afternoon.

I am certainly surprised that this red-headed captain of the lanky aggregation whom he has the nerve to term competent twirlers of the ball and wielders of the willow should think that I would even condescend to refer to his team, collectively or individually. In this direction I might add that I have it on good authority that he has endeavored to entice some of my men to his side, and, failing in this, is about to become jealous.

I am not surprised that Captain O'Neill had "fixed things" with the umpire, Hon. Henry S. Chubb. I am surprised that Col. Chubb would submit to such a proposition, however, for I have labored under the impression that his recent experiences at St. Augustine and Chicago were sufficient to dissuade him from entering into any "trade" with a baseball team, especially with a lean set, for he has already established a wide reputation of being an ardent supporter of a "fat" for the highest office in the gift of the American people. To offset these nefarious schemes of the "Leans," however, I have successfully negotiated with Rev. S. B. Rogers to handle the score card, and have also employed L. J. Berkheim to "call down" the "Leans" umpire in his decisions. With these advantages, together with the ability of the "Fats," I feel the victory in the palm of my hand.

We will show the people what we will do to the "Leans" Thursday afternoon. Respectfully,

L. C. LYNCH,

Captain of the "Fats."

### THE SUMMER SCHOOLS.

Board of Public Instruction Has Made the Appointments.

The various two-months' summer schools throughout the county will begin Monday, July 6, and the Board of Public Instruction has made the following appointments:

Cow Creek No. 6, Miss Lois Mikell; Frankland No. 7, Miss Ada Philput; Suwannee No. 19, Miss Kate Fielding; Cannon No. 25, Mrs. Jessie B. Gay; Montecito No. 37, Miss Grace B. Wolfe; Cherry Sink No. 41, Miss Minnie E. Lee and Miss Ida Price; Perseverance No. 43, R. L. Walker; Roadfield No. 54, Miss Mabel Hall; Jaxville No. 55, Miss Donia Ford; Grover No. 57, Miss Willie Wyman; Hickory Hill No. 59, Miss Clara Thomas; Townsend No. 61, Miss Katherine Salter; Bartram No. 63, Miss Agnes Zetrouer; Union Grove No. 70, Miss Hattie English; Bell No. 85, A. J. Johnson and Miss Hattie George; Thomas No. 91, Miss Mabel Townsend; Tyler No. 92, Mrs. Beecher Hagood.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of East Island, La. For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by all druggists.

Remember the ball game between the "Fats" and the "Leans" on Thursday afternoon, July 2, which will be given for the benefit of the band. An afternoon of genuine fun is assured.

Enthusiastic Meeting Held, At Which Stock Was Subscribed.

CAPITAL OF TEN THOUSAND

Those Interested Are Going At the Work With a Will, and It is Expected That Full Stock Will Be Subscribed in Few Days.

At a meeting of the citizens of Gainesville, which was held recently to consider the subject of the organization of a stock company under charter from the State of Florida, to organize and maintain a sanitarium in the city of Gainesville, there was every indication of enthusiasm and success in the venture, and an association was organized with a capital stock of \$10,000, half of which has already been subscribed, number of the leading business men and citizens of the city having interested themselves by subscribing shares.

At this meeting officers of the association, which will be known as the Gainesville Haven Sanitarium Association, were elected as follows: W. R. Thomas, president; Dr. C. F. Marsh, vice-president; B. L. Hamilton, secretary and treasurer; H. E. Taylor, I. E. Webster, Philip Miller and A. M. Cushman, board of directors.

According to the ideas of Dr. Marsh, who is the promoter of this venture which will no doubt be successfully carried through, it will be the purpose of the association to secure the National Odd Fellows' Home, or in the event of failure to secure this, to erect a modern hospital and sanitarium, and advertise the same thoroughly and attract patrons from every section of the United States. After a thorough investigation, Dr. Marsh wisely came to the conclusion that, taking everything into consideration, Gainesville was the proper place for such a resort, and this will prove a big thing for the city in every way.

Actual work in the construction of Jacksonville's new 10-story sky-scraper on West Forsyth street adjoining the First National Bank has begun. The building will cost \$100,000.

The contract for Marianna's new school building has been let and work will begin within a very short time. It is to cost \$18,000, and will be a very handsome and modern building.

The leading bankers of Tampa have been arrested. The question which is up is whether the Tampa banks shall pay occupation taxes. Mayor Wing says that he will see that the bankers pay their license.

Mrs. Sarah B. Cochran of Daytona has let the contract for the erection of her proposed home at the corner of Ridgewood avenue and Cedar street according to the original plans, which will be adhered to. The home will be built of stone at a cost of about \$40,000.

The Confederate Memorial Association is a new organization formed in Jacksonville Monday night with a large membership. Miss Sallie Holmes was elected president; Mrs. Porcher L'Engle, vice-president; Mrs. R. C. Cooley, secretary, and Mr. Lucian Boggs, treasurer. The association has in view the erection of a building on some prominent site in Jacksonville to cost about \$60,000, this building to be used exclusively by the Confederate organizations of the city and State.

Local officials of the Georgia Southern and Florida railway have received official notification that, effective July 1, the salaries of all employees of the company will be increased 10 per cent. In line with the actions of other roads the Georgia Southern and Florida railway inaugurated a retrenchment policy on March 1, 1902, when the salaries of all employees were reduced 10 per cent. The cut affected the salary of the highest official as well as the laborer. The raise will therefore prove a restoration of former salaries, and the employees along the lines from Macon to Jacksonville and from Valdosta to Palatka are jubilant.—Times-Union.

## A GOOD REASON

Gainesville People Can Tell You Why It Is So.

Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poison that cause back-ache, headache and distressing kidney and urinary complaints. Gainesville people testify to permanent cures.

Mrs. James Doig, living at 902 Alachua avenue, Gainesville, Florida, says: "It is some time since I used Doan's Kidney Pills, and I am glad to say that I have had no need of a kidney remedy. Several years ago Doan's Kidney Pills drove away a severe attack of kidney trouble, and time has proven the cure to be a permanent one. I take pleasure in recommending Doan's Pills to other sufferers of kidney complaint."

Brother of Late Millionaire Fair Probably Fatally Injured.

San Jose, Cal., June 30.—Andrew Fair, brother of the late James G. Fair and uncle of Mrs. W. K. Vanderbilt, Jr., and Mrs. Hermann Gelricus, was probably fatally injured Sunday in a street car accident on the outskirts of this city.

Fair, in company with W. A. Walton, his son's father-in-law, was driving home from church when their rig was struck and overturned by an out-bound South Tenth street car. Fair and Walton, both of whom are old men, were thrown into the gutter and sustained serious injuries about the head and shoulders. Walton will recover but Fair is subject to heart failure and it is feared that the shock will prove fatal. Doctors last night declared that the patient's condition was precarious.

The late James G. Fair left his brother \$50,000 in his will.

## TORNADO WRECKS A TOWN.

Seven People Killed and Many Hurt at Clinton, Minn.

Clinton, Minn., June 30.—A tornado passed over this place Saturday afternoon killing seven people and injuring twenty-five, some seriously.

Twenty houses, a printing office and two churches were blown down.

The tornado was unaccompanied by rain, started three miles north of the town and destroyed two farmhouses that were in its path and swept over Clinton, which has about 400 population.

A Chicago, Milwaukee and St. Paul mixed train was just pulling into the station as the storm struck the town. Fifteen freight cars were blown off the track, as was also a passenger coach containing seventeen people. All were injured.

The telephone lines were blown down, but as soon as possible news of the disaster was sent to neighboring towns. Relief trains were run from Graceville, Ortonville and Montevideo.

## BRENAN CHAUTAUQUA.

Auspicious Opening at Gainesville. Thousands in Attendance.

Gainesville, Ga., June 30.—With the sun in the heavens displaying in anular eclipse the chautauqua colors, black and gold, the Brennan month-long chautauqua session began Sunday morning with a packed auditorium, 1,500 hundred people wearing the colors and enthusiastic over the beautiful day for beginning. The sermon was preached by Rev. James W. Lee, of Trinity church, Atlanta.

Hundreds of residences and practically all the places of business in Gainesville display elaborate decorations in honor of chautauqua—black and gold and the national colors are everywhere seen.

The entire country—from Oglethorpe and Clarke counties on the south, to North Carolina on the north, will be in Gainesville the Fourth of July, Independence Day, when the oration, free to all, will be delivered by Judge Emory Speer, of Macon. Twenty-thousand people are expected here that day.

## OCEAN YACHT RACE.

Twenty Boats Will Start in the 325-Mile Contest.

New York, June 30.—Eighteen boats have been entered for the Lipton cup ocean yacht race which will start next Saturday morning from the Brooklyn Yacht Club. The entries will not close with the committee in charge of this interesting contest until Tuesday, and it is expected that at least twenty boats will start in the 325-mile race.

It is expected that the coming race will occupy slightly over three days. The start will be made at 1 o'clock, and the course will be southward to Scotland Lightship, to and around Fire Island, then around the northeast end light vessel off Cape May.

## Memoirs of Cleveland.

New York, June 30.—Under orders from Mrs. Cleveland work has begun on the memoirs of the late president, consisting of clippings from newspapers and periodicals on his death and funeral. The work will require six months to complete. As planned, there will be several volumes consisting of editorial notices, news dispatches, illustrations and cartoons, each bound in Russian levant leather and lined with purple moire silk.

## Was in Poor Health for Years.

Ira W. Kelley of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." ## Incipient Mutiny Quelled.

St. Petersburg, June 30.—An incipient mutiny has been quelled at Viborg Fortress without bloodshed. Two carloads of artillerymen who participated in the mutiny were transported under a heavy escort to Medvid, in the province of Novgorod, to the prison, which formerly held Japanese prisoners and later the murderers of the Prochubavsky Guard regiment.

## Starved to Death

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge, you will be surprised at the results and how quickly it picks up. Sold by W. M. Johnson.

## ENGINES IN DEMAND.

Improved Railway Business in the Birmingham District.

Birmingham, Ala., June 30.—Because of improved business, railroads in the Birmingham district have found it necessary in the last few days to remove white lead from engines which have been idle for several months and put them in service. On the Louisville and Nashville railroad more locomotive power was found necessary with a block in the yards at Montgomery and Decatur. The Southern railway and other railroads have had to get out idle engines and dozens of crews are now being given employment after quite a spell of idleness.

## Seven Hundred Given Diplomas.

Chicago, June 30.—Seven hundred pupils in sixteen parochial schools, where the study of Irish history is taught, were presented with diplomas at St. Bridget's hall. The diplomas were given by the Ancient Order of Hibernians, and the Woman's Auxiliary of the order and were presented to the pupils on graduation from the eighth grade. Father Michael O'Sullivan of St. Bridget's Catholic church, delivered a short address. There also were selections by the Irish Choral Society.

## An English Turf Tragedy.

Half an hour before the race for the Two Thousand Guineas of 1883 Prince Bathyrany, who bred St. Simon and who was one of the most popular racing men of any time, was talking with Lord Cadogan in the luncheon room of the Jockey club stand at Newmarket, when he suddenly reeled and fell.

He was carried to Weatherby's office, and doctors were summoned, but the prince was beyond all human aid, and just before the bell rang for the race for which his colt, Galliard, brother of St. Simon, was first favorite he breathed his last.

A few minutes later "the clear blue sky rang with cheers and shouts as the horses came thundering along, which rose into a roar as Galliard won by a head," while behind the drawn blinds of Weatherby's office Galliard's owner, who had been looking forward so eagerly to this moment, was lying dead. It was owing to the death of his owner that Galliard's great son could not run in the Derby of 1884, which he would almost certainly have won.—St. James' Gazette.

## Curing Snake Bites.

Considerable difference of opinion exists with regard to a trustworthy remedy for snake bites. Dr. Lauder Brunton advocates the use of permanganate of potash applied immediately. Mr. Greengrass of North Arcot district, Madras, however, as the result of various experiments states that acetic acid, even in the diluted form of vinegar, is an important and effectual remedy, and it can be applied effectually as long as an hour or an hour and a half after the bite. Cases of recovery from snake bites have followed the application of vinegar after such intervals. An incision must be made over the bite, as much of the poison as possible squeezed out, and then vinegar is to be injected. If the bite is on a limb, a ligature must be placed above it. Mr. Greengrass records twenty-nine cases of recovery from cobra bites by such a use of vinegar. The one failure which occurred was due to the fact that no incision had been made over the bite. A similar treatment is recommended for the stings of scorpions.—London Standard.

## Downing Street, London.

The greatest street in the world is one of the smallest. This is Downing street, a dark little alley in the west of London. Here is the real center of the British empire, for it is at 10 Downing street that the premier has his official residence. Ever since Robert Walpole was the prime minister, 200 years ago, the heads of the government have made their homes in this "alley." American tourists usually go out of their way to gaze upon the dingy, almost repellent exterior of this lodge of diplomacy and national ambition, because Sir George Downing, who laid out the street and built the house therein, was of American ancestry, his mother belonging to the Winthrop of Massachusetts Bay Colony, and since she is the second graduate on the roster of Harvard college. After getting an American education he went to England and, seizing opportunity when it offered, became Oliver Cromwell's ambassador at The Hague. Exchange.

## Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Stirling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists.

## Patent Given an Atlantan.

Atlanta, June 30.—Herman A. Agricola, of this city, has just been granted a patent on an invention for two-color printing device, adjustable to most all presses. By this attachment two colors can be printed at one impression and one "make-ready." The device is quite simple, and will fill a long-felt want, especially in country newspaper offices.

## Greatly Underestimated.

"Bobby," asked his Sunday school teacher, "do you know how many disciples there were?" The little boy promptly said that he did and answered, "Twelve." Then he went on, "And I know how many Pharisees there were too."

"Indeed?"

"Yes'm. There was just one less than there was disciples."

"Why, how do you know that? It is nowhere stated how many Pharisees there were."

"I thought everybody knew it," said Bobby. "The Bible says, 'Beware of the leaven of the Pharisees,' doesn't it?" —Youth's Companion.

## RESCUE NAPOLEON

Bold Plan That Was Matured  
In This Country.

WAS A DARING SCHEME.

The Enterprise Was Known to the Exile of St. Helena, but Just as the Preparations Were About Complete the Fallen Emperor Died.

Even in "the last phase" our country sustained a certain association with the captive of St. Helena, says a writer in the Magazine of History. The English felt that any danger of rescue would originate upon the west shore of the Atlantic.

Admiral Cockburn occupied the neighboring island of Ascension, avowedly to prevent it falling into the hands of Yankee raiders. The feeling in the United States against England was at that time quite bitter. Napoleon's landing at St. Helena followed the battle of New Orleans only about seven months, and the downfall of the revolutionary monarch aroused deep sympathy throughout the country.

But the actual grounds for believing in the existence of a rescue party and rescue plans in the United States rest upon the movements of General Lallemand and his associates. This officer's military record, from the revolutionary days to Waterloo, had been distinguished by notable feats of daring.

His devotion to the emperor was loyal and persistent; he had followed him until his embarkation from the shores of France and had tried in vain to accompany him to St. Helena. He was condemned to death by the reactionary tribunals of 1816, but had succeeded in escaping and joining his brother at Philadelphia.

At this time our country was literally swarming with French military refugees, many of whom, like Lallemand, were under capital sentence for their conduct toward the Bourbons during the hundred days.

The Lallemands proceeded ostensibly to unite a number of these veterans into a military colony which they called the Field of Asylum.

Our government granted them 100,000 acres on the banks of the Tombigbee, but as their own project required their establishment near the sea they sold the lands and with the proceeds settled on the Trinity river, in Texas, about fifteen miles from its mouth.

The second in command was Baron Rigaud, whose kindly feelings toward the ancient regime had been illustrated by publicly stamping the cross of St. Louis under his feet. Needless to say, he was also under sentence of death by Louis XVIII's court martial.

But the best known of all this devoted band was the famous pirate Lafitte, who had begun life as a Bordeaux blacksmith, had killed his love rival in a duel, had become a noted corsair, the terror of the Antillean seas, had been the effective ally of General Jackson in repulsing the British at New Orleans and at the time of the French settlement of old guardsmen in his vicinity was established at Galveston.

This narrative does not require a detailed statement of the affairs of the 400 grenadiers, of the attacks of the Mexicans on their camp, of their final removal to New Orleans.

All the circumstances indicate that it was not the intention of the Lallemands to found an agricultural colony, but to unite about 1,000 old soldiers for the deliverance of the great prisoner.

The location of their camp was most favorable for the scheme, being near the sea in an unsettled country where their movements would not be watched and, above all, being in proximity to Lafitte, who commanded the required ships. Besides these desirable vessels, one, a model of swiftness, was constructed at Charleston and equipped for its purpose in the most complete manner.

An intrepid captain named Boisjers, who navigated for pleasure, had accepted its command, and this was the ship destined to carry away Napoleon Bonaparte, while Lafitte would land the guardsmen and engage the attention of the English cruisers.

The enterprise was known to the captives, as shown by Bertrand's disclosures. But when the preparations were about complete the news arrived of the emperor's death.

Thankful.

"I hope your constituents are grateful to you for what you have done for them."

"I hope so," answered Senator Sorghum, "but I must confess I am thankful for the arrangement which makes compensation for my services independent of the gratitude of my constituents."—Washington Star.

## CARRANT BREAD MAKING.

Prize Recipes For Methods Used by Housewives in Various Parts of the World.

Carrant bread is coming into greater popularity every day. It takes the place of cake and is more economical as well as more wholesome than plain white bread. Following are a few of hundreds of recipes for making this staple received in recent competitions:

## Whole Wheat Carrant Bread.

Scald (do not boil) one and a half cups of sweet milk and a cup of water. When tepid add half a cake of yeast after soaking ten minutes in cool water, two tablespoonfuls of sugar and a teaspoonful of salt. Stir in enough whole wheat flour to make a stiff batter. Allow to rise. Three hours is long enough if kept warm, overnight if cool. When light add an egg, a tablespoonful of melted butter and a cup of cleaned and dried currants. Beat well, then add whole wheat flour to make a soft dough. Work well, mold into two loaves, place in greased pans, brush over with melted butter, let raise until light, and then bake in hot oven. When brown, which should take about twenty minutes, cool the oven one-half and bake thirty minutes longer.

## Newport Carrant Bread.

Scald two and a half cups of milk. When cool add three tablespoonfuls of sugar, a little salt and butter the size of an egg. Dissolve half of a compressed yeast cake in half a cup of warm water and add to milk. Stir in flour enough to make a batter and add a pound of currants washed and dried. Add flour. When raised knead again and place in pans for baking. Be sure to allow enough time for bread to rise in the pans.

## Princeton Carrant Bread.

Boil one medium sized potato in a quart of water until soft. Scald a small cup of flour with the hot potato water and add mashed potato beaten thoroughly to prevent lumps. When cold add a cake of compressed yeast soaked in a little cold water. Let stand six hours to rise, then add a pint of warm water, a pound of thoroughly washed currants, a tablespoonful of lard, salt, two beaten eggs, a cup of brown sugar, cinnamon if desired and flour to make a stiff dough. Knead ten minutes, put into covered pan in a warm place to stand overnight and bake in the usual way. This recipe will make three large or six small loaves. This bread requires more time than white bread to rise.

## MODERN FANS ARE BEST PROTECTION FOR MINERS.

No Reason Now For Failure to Provide Proper Ventilation Under Ground.

"Build for us two fans not over thirteen feet in diameter capable of exhausting 500,000 cubic feet of air per minute." This is the substance of an actual order lately sent to the manufacturers of the "Sirocco" turbine fans.

It means that the day of the huge but inefficient and costly paddle wheel fan has gone by and that the turbine type of blower has come. It means also that the problem of how to safeguard the underground worker has been solved. This is what a writer in the Engineering and Mining Journal has to say on the subject:

"The best care a mine owner can give his miners is good ventilation. With horsepower at \$50 per year as a basis of calculation, I will consider the cost of ventilation with efficient and inefficient apparatus.

"Most of the old style paddle wheel and screw propeller fans are working with less than 20 per cent mechanical efficiency, while the latest high speed fans are working at about 60 per cent mechanical efficiency. Assuming that 100,000 cubic feet of air per minute is required, 157.55 horsepower will be needed to drive the old style fan to produce the required ventilation, while only 32.51 horsepower will be required to drive the new high speed fan. Thus the new high speed fan will save 125.04 horsepower.

## Good Ventilation Cheapest.

"It follows that the saving effected with the new high speed fan is \$5,252 per year. This amount of money will install a fan and produce the required 100,000 cubic feet of air per minute under the worst conditions likely to be found and would therefore return to the owner the entire value of the fan each year."

Keep for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Polson, Iowa. DO YOU WANT TO

MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

at Which Is Worth Having Is  
Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.

An Ordinance to Regulate and Prohibit the Running at Large of Dogs Within the Corporate Limits of the City of Gainesville, Unless the Same Be Effectively Muzzled, and to Repeal an Ordinance entitled "Ordinance No. 161—An Ordinance to Regulate and Prohibit the Running at Large of Dogs, Within the Corporate Limits of the City of Gainesville, Unless the Same Be Muzzled." Approved the 8th day of June, 1908.

Be It Ordained by the Mayor and City Council of the City of Gainesville: Section 1—That it shall be the duty of the Marshal, or any Policeman of said city, to kill any and all dogs found running at large on any of the streets, or public places of said city, unless such dogs are effectively muzzled with a wire muzzle, so as to prevent its biting any person or animal.

Sec. 2—The Mayor of the City of Gainesville is hereby authorized, when in his judgment, he deems it safe, to suspend the provisions of this ordinance, and when the same shall be suspended by him, he shall give notice by publishing one time in a newspaper, published in the city of Gainesville, of such suspension of this ordinance; and when he shall deem it expedient that the provisions of this ordinance shall be reinstated and made effective, he shall give notice in like manner, that the said ordinance shall again be enforced.

Sec. 3—This ordinance shall take effect immediately upon its passage and approval, and a copy of same shall be posted at the door of the council chamber, and also published one time in a newspaper published in said city.

Sec. 4—That an ordinance entitled "Ordinance No. 161—An ordinance to Regulate and Prohibit the Running at Large of Dogs, Within the Corporate Limits of the City of Gainesville, Unless the Same Be Muzzled," approved the 8th day of June, 1908, be, and the same is hereby repealed.

Passed in open session of the City Council on this 30th day of June, 1908.

## MADE A FINE SHOWING.

Gainesville National Declared 5 Per Cent Dividend in Less Than Year.

As the best evidence of the prosperity of The Gainesville National Bank, it may be mentioned that the institution has just declared a 5 per cent dividend, and passed to surplus \$6,000, which makes a total surplus of \$10,000.

This bank has earned over 16 per cent from the day the institution began business, July 22, 1907, to July 1, 1908, which is virtually eleven months.

The Gainesville National is managed by conservative business men, and the stockholders are to be congratulated.

Blank warrants for justices of the peace for sale at this office.

S. L. Craig of Jacksonville, representing Kingham & Co., packers, was in the city yesterday in the interest of his firm.

Mr. and Mrs. C. C. Chitty have returned from a pleasant visit to the former's parents, Mr. and Mrs. E. C. Chitty, at Micanopy.

Thos. D. Tinnen has returned from Greensboro, N. C., his old home, where he spent a few days pleasantly. Mrs. Tinnen is still in Greensboro, where she expects to spend several weeks.

A. M. Torrence, one of the efficient attaches of N. G. Wade & Co., extensive wood contractors, has returned from a four-days' business trip to various points in the interest of his firm.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

Col. I. E. Webster has returned from Christina, where he spent a few days pleasantly with his wife and daughter, Mrs. C. F. Merritt. Mrs. Webster has been on a visit to her daughter for several weeks.

Remember the excursion to Savannah and Columbia via Seaboard July 3, tickets good returning on or before July 17. To Savannah and return, \$5.50. To Columbia and return, \$7.50. Train leaves Gainesville 8:10 a. m., July 3. See W. M. Bullard, Agent.

Misses Agnes Zetroner and Winifred Tucker, two popular young ladies of Rochelle, favored friends in this city with a visit yesterday. Miss Zetroner, who is one of Alachua county's valued and efficient teachers, has been assigned to the Bartram summer school.

The young lady selling the greatest number of tickets to the ball game tomorrow afternoon will be presented with a fine parasol, and to the boy selling the greatest number of tickets a fine nickel watch. Call at Dr. Tison's office between the hours of 10 and 12 o'clock today for instructions and tickets.

Handsome prizes will be given to the boy and girl disposing of the largest number of tickets for the "Fat" and "Lean" ball game Thursday. To the young lady selling the largest number of tickets a handsome silk parasol will be awarded, and to the boy or young man selling the greatest number, a nice nickel watch, a genuine, first-class time-keeper. These prizes are on exhibition at the store of Phillip Miller, and must be seen to be appreciated. Those desiring to compete for same are requested to call at the office of Dr. Gordon B. Tison this morning between the hours of 10 and 12 o'clock for instructions and tickets.

The best evidence of the fact that the citizens of Gainesville appreciate first-class work when done by a reliable firm is shown by The S. J. Thomas Company having closed last week plumbing jobs for the following residences: Mr. J. R. Eddins, Major Jno. W. Tench, Mr. E. E. Voyle, Mr. Moses Edelstein, Mr. J. P. Bauknight, Mrs. Kate Torbert, Mr. R. G. Bass, Mr. Geo. S. Merchant, Mr. C. W. McDonald, the two new dwellings being built for Mr. Budinger. Also for the following business houses: Three stores of Mr. J. P. Bauknight on Wall street, two stores occupied by G. S. Merchant & Co., building occupied by Mrs. F. T. McCormick, the United States land office building and the offices of The Dutton Phosphate Co. The S. J. Thomas Company have just finished up the work in a number of the best residences in the city. This firm has a force of competent workmen and will be glad to give you an estimate of the cost of your work, whether they do it for you or not.

## THE WANT ADVERTISEMENTS ARE "HUMANIZING!"

When more people come to use and answer classified advertisements, more people will know each other—

More People With Mutual Interests Will Meet—more people will find channels and opportunities for reciprocal service.

Truly, the want advertisements are "humanizing" people—shaming away the scorn of small things, the scorn of "bargaining," of exchanging useful but not used things for useful and usable ones.
